# FRANK F. LUND

GROWER *Gladiolus* HYBRIDIST

COTATI, CALIFORNIA

*Fall 1934 - Spring 1935*

This price list cancels all previous lists. I aim to send out bulbs the equal of any, regardless of where grown. All orders will be filled most generously with young, high-crown bulbs (if they grow that way), free from disease, thrip, etc., but cannot be responsible for growing crops as this is beyond my control. Bulbs should be returned if not satisfied for full refund.

CAUTION: So far we have had no thrip injury but I admonish every one to pay strict attention to treatment before planting. Soak all bulbs, regardless of where obtained, in Corrosive Sublimate—1 oz. to 6 gallons of water, 12 hours.

TERMS: Cash with order or 25% deposit, balance before shipment. No item less than 10c or order less than \$1.00 except at ranch. Foreign orders must have necessary tag permits, etc., and go at purchaser's expense. Bulbs postpaid in U. S. A. and Canada.

5 at 10 rate, 25 at 100 rate, 250 at 1000 rate. All orders accepted subject to prior sale. No substitution of varieties. Name a few second choice. Order early, some varieties in limited supply.

NO BULBLETS OR SMALLS FOR SALE AFTER APRIL FIRST.

My thanks are again extended for your many orders and nice letters. If you have never bought from me just send a trial order and if you are not pleased I will refund your money.

I will take into consideration in filling your orders all secret discounts, coupons, overcount and other high-powered propaganda.

California License No. 836.

*“Where Quality Tells and Price Sells”*
